## Oil Quantity Sensor - Pre-order Form

(Oil Quantity Sensor Preorder Form 2-28-2026.pdf)

We require some information about your engine and installation in order to better serve you. Please fill out this form. If we have questions, we will contact you. NOTE: If you require a different type of sensor, please contact us. It may already be on our design list. You may send this 2 page form back to us via regular mail or email in the form of a \*.jpg or (\*.pdf file **PREFERRED**).

NAME: \_\_\_\_\_

ADDRESS: \_\_\_\_\_

ADDRESS: \_\_\_\_\_ ( PLEASE PRINT CLEARLY )

CITY / STATE / ZIP: \_\_\_\_\_

E-MAIL: \_\_\_\_\_

PHONE: (Cell) \_\_\_\_\_ Phone (Home) \_\_\_\_\_

AIRCRAFT "N" NUMBER: \_\_\_\_\_ AIRCRAFT TYPE: \_\_\_\_\_

COMPLETE ENGINE "NAMEPLATE" MODEL NUMBER: \_\_\_\_\_

Are you ordering a 15PIN, DSUB conn. wired with 12" long #20AWG? circle one Yes / No (extra charge\$)

Our standard sensor is ordered without an oil sump temperature sensor.

Do you want to order your sensor **with a Temperature Sensor**? circle one Yes / No (extra charge\$)

How will you **display** the Oil Quan./Temp? (Our AG6?, EFIS model #?, other \_\_\_\_\_)

**PLEASE refer to our INDIVIDUAL SENSOR DRAWINGS (Please fill in the proper boxes)**

### I am ordering a:

( [ ] Lycoming 1/2-NPT fitting) or ( [ ] Continental 5/8-18 fitting) or ( [ ] ULPower 14MMx1.5 fitting)  
type of sensor, or OTHER: \_\_\_\_\_, with a **Sensor Length** of \_\_\_\_\_ inches. (measurement starting at your oil pan fitting, outside fitting surface) with a **Cable Length** of \_\_\_\_\_ inches.  
(Sensor cable(s); 48 inches is our standard length with no extra charge. 80 inches is the max. suggested length)

Plan ahead: Electronics OSE-1 mounting. **NOTE:** The LED is best viewed looking straight on for best color recognition. The LED is standardly mounted on the face of the OSE-1. Put **LED** on the side of that sensor cable(s) exit? Yes / No

If you intend installing this sensor in a fitting position that you will remove the sensor to change oil, we could put connectors in-between the Electronics and the Sensor with an extra charge. Please contact us.

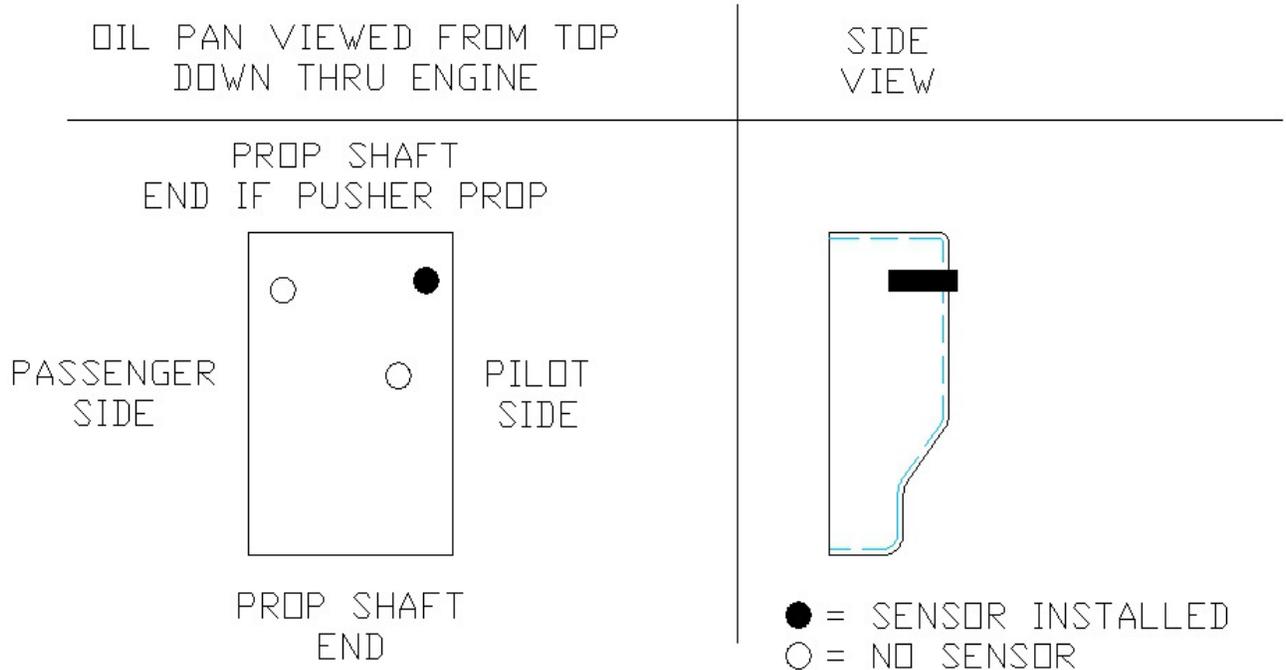

### Please acknowledge statements by writing your "INITIALS" in the the boxes.

[ ] I have read and understand the document (Will this Sensor Fit 8-27-2024.pdf) The sensor size and cable lengths I am ordering complies with this document. I also understand that this Oil Quantity Sensor's oil quantity measurement is not to be used in substitution or in place of the standard oil quantity checks at pre-flight or otherwise for your aircraft.

SIGNATURE: \_\_\_\_\_ DATE: \_\_\_\_\_

**PLEASE**, try to draw your oil sump or container similar to the example below. We would like to understand how many fittings there are in your oil pan or oil container and where you will put the sensor. You should use the fitting hole that will allow you to use the highest length sensor to measure the highest oil level.

**EXAMPLE BELOW:**

---

**PLEASE, DRAW YOUR OIL PAN BELOW THIS LINE:**
